KEY FEATURES

**50-STATE CARB**

Meets emissions standards for use in all 50 states, including California.

**DUAL FUEL**

Runs on either gasoline or propane.

**STABLE OUTPUT**

Digital voltage regulation and $\leq 3\%$ THD keep sensitive electronics safe.

**SOFTER SOUND**

Consistent output means a quieter run without loud rev cycles.

**FUEL EFFICIENT**

Low consumption at no, half, and full load for extended runtime.

**EASY START**

Recoil start plus emergency start capability for reliable operation.
